The Premises:

Eve's place in Covent Garden is a very luxurious flat. Exceptionally clean, bright and the bedroom has a fab 4 poster bed and facilities to get up to all sorts of kink and bdsm fun.

Eve also offers you the opportunity to relax and have a shower with lovely fluffy towels.

Yes I do have a soft side and like fluffy towels. :-).

The Lady:

Eve is quite simply stunningly gorgeous and my heart skips a beat (and something else) when I walk in the door and see her.

First time I met her a couple months ago she was so. But she went on a boot camp to get fitter and she is even more beautiful and sexy.

Eve has a slightly "alternative" look which I love with stunningly long bright red hair and a half sleeve which I really like. The sleeve is beautiful and very professionally done.

Eve is slim, but has all the bumps in the right places with a gorgeous bottom, legs and boobs, but most of all her eyes and smile just make me melt.

But more importantly, her personality (I know, it's such a cliché, but important to me) is even more beautiful and infectious. Instantly she makes me relax, is eager to please but not desperate to if you know what I mean, funny and very very intellectual and loves to chat about all things from kink to current affairs.

In summary Eve is a walking beauty, inside and out.

The Story:

I've seen Eve twice now and will be seeing a lot more of her hopefully (if she'll have me ;?)).

What attracted me to her is that she is switch, which I am exploring also. I could be classed as a kind of beginner to intermediate and I'm still exploring and learning. But hey do you ever stop?

Eve is exceptionally kinky and adventurous in a gentle and calming way and can push you/be pushed in the right environment and a safe manner which is very important.

More importantly though, Eve's personality comes to the fore when playing which has come out in both our sessions. She is exceptionally understanding which came out more so at our last session when she asked what I wanted us to get up to. Like a numpty I didn't really know (as in my experience I like to go with the flow) but she talked it through it with me, reassuring me, and we came up with a loose idea and ended up having a great and fun 2 hours. I even taught her something, all to do around arithmetic. Lol. Remember that Eve?

So in summary, if I win the lottery, I would take Eve off and go and explore the world of kink together with her!
