### The Story:

After seeing a promotion on adultwork I thought of give a try, she was very sweet and polite over the phone and sms, so I thought that she will be good.

when I went, she opened the door, a quite old, tall, man like lady, I said I don't want to have a session with you, then she started arguing with me saying that I have to pay for her time. she kept me holding in the room and forcing trying to get my money. I was really feared and finally had to give her some amount to escape. Avoid at all cost.
