The Premises:

It was kind of a hot day, but inside it felt a lot hotter and muggier. She couldn't open the windows, and the bathroom left a lot to be desired.

The Lady:

Looks wise Nikki is damn hot. Looks younger than the photos. Manarismwise she is distant and kind of jaded. She knows that she's hot type.

The Story:

After I have a shower, I go to the bedroom. Straight away, she says lie on the bed face down. She starts giving me a massage, which looked like she was happy to carry on with for the whole hour if I didn't say anything. So 10 minutes in I turn over and start fondling her a little. She doesn't like being touched on the nipples, pussy, or ass. She doesnt like being kissed.

So we get to the fucking. She can take a pounding, I'll give her that. And she is a sight to behold in doggy. But she shows no enthusiasm herself. Afterwards she goes away for a cleanup after and stays away for a few minutes. Again, unless you really push for it, she's happy to not go for a round 2.
