### The Premises:

Directors Lodge is conveniently situated around 5 mins drive from Junction 28 of the M1. It is down a quiet street with free parking opposite. The area is quiet and private. The place itself is always clean and welcoming. Subdued lighting and traditional decor makes it feel like a secret hidey-hole, known only to the lucky few. There are a number of rooms with comfy beds and different themes/look/feel. The best, and my favourite and regular haunt, is the VIP Room. This has a four poster bed, perfect for attaching cuffs and leg ties, full length mirror on one wall, handcuffs attached to one wall for a naughty tie up whilst standing, built in wardrobes containing outfits, toys and other things of pleasure. Candles and a range of dimmable lights add to the decadent feel. The bed itself is large enough to cater for 3 or 4 (I should know!) - great for group sessions. For those, like me, into watersports, the hostess adds a waterproof layer underneath a towel, which is discretely put so you don't realise it's there, but means the golden rain can be enjoyed as part and parcel of the session without interruption. There is a clean hot shower, towels and comfy dressing gown to use whilst waiting. I have been coming here for over a decade and it is one of the best places I've enjoyed and clearly shows the thought and care that the owner - Lisa - has put into it. It's a labour of love (and sex).

To give an idea of the high regard I put on the place, I have been punting for nearly 30 years - have been to loads of the best places in the UK including Annabelles and House of Divine in Milton Keynes, Lady Marmalade Parties in London, Sandy's Superstars in Manchester and in the UK to parlours in Bristol, Sheffield, Leeds, Derby, Nottingham, Brighton and London. I've also enjoyed places big and small, modern and not so modern in Singapore, France, Brazil, USA, Canada, Germany. And Directors Lodge is in my Top 5. That's because of the service I've had here for years from the magnificent Lisa and her team...

### The Lady:

Imagine you're at an office Party or a friend's house. There's always one particular girl who is simply drop dead gorgeous. She's young, pretty, sexy - long blonde hair, sparkling eyes, beautiful teeth and smile. Her tits are a perfect size, simply crying out for hands and mouth. She is slim but toned. Her ass is peachy. Her belly is flat Her legs are taught. She has a beautiful personality - chatty without being annoying, articulate and witty, flirty and self-aware. Everyone in the room simply wants to fuck her and be with her. Imagine she leaves with you and you go back to your place. You are looking forward to fantastic sex, but you know that you don't get utterly filthy sex with a girl like

this, because she's simply too nice. THEN imagine you discover she's also filthier than anyone you've ever met - daring, imaginative, challenging, depraved and utterly devoted to your pleasure..... THAT's Paige. I know it's a cliché, but she simply has to replace her photos on the current website because they don't come close to her in real life. Look at the 2 photos and then imagine a far younger, far sexier younger sister and you're there.

### The Story:

I've been coming to Directors Lodge for over a decade. Normally I see the utterly brilliant Lisa who know exactly what I like and delivers every time. I've also enjoyed brilliant times with Faye Marie and Jodi. Those 3 aren't just the best at Director's Lodge - they're amongst the best I've ever had anywhere. So when Lisa suggested I try someone new, I thought "well. why not? But was not expecting it to be as simply brilliant as it was".

Paige had clearly been briefed on exactly what I like before we began. She came into the room and I almost came in my dressing room then and there. She was carrying a blindfold, strap-on and gel. A candle had been lit in the corner. She showed me an unopened bottle of Poppers and said "I think you'll be wanting this later". The flirting had begun already and I was already horny and anticipating.

"Let's get the fun started" she said "Onto the bed". She lay me down on my front and began to massage my back, legs and ass cheeks, dribbling oil onto my arse and subtly brushing against my arse with her fingertips. It was a lovely warm up and I was enjoying myself immensely when, without warning, her lips were against my ear and she whispered "I'm going to give you so much, I've got surprises for you and that arse really needs my strap-on to fuck you deep". Bloody hell! My cock was rigid and I was so excited. More massage followed then a finger slipped into my arse, giving me a good finger fucking of increasing speed but subtlety. Then she whispered into my ear "I bet that arse would enjoy a good burning. Some hot wax on it. Would you like that?" I enthusiastically agreed and soon the drips of warm wax heated it up. Like everything she does, it was perfectly subtle. Just enough to be gorgeous, not too much to be painful

After a while of that, she then said "Time for a present" and the familiar smell of poppers appeared by my nose. "You'll need this" she whispered and I inhaled deep, As the rush began, she told me to rise up on my hands and knees and I felt the strap on at my arse entry. Then in it went and she gave me a good fucking.

"That's enough of that and we're only beginning" she said. She turned me over and began to tie me to the bed. I was stroking my cock while gazing at her. "No you don't" she said. "You don't get pleasure unless you've earned it" Soon my hands and legs were tied tight and she applied a blindfold. More massage began, followed by a gentle nibbling of my nipples and then some more hot wax over my chest, cock and balls. Then I felt a nipple of hers in my mouth and she said "Do you like that?"

Then it was time for another fucking and more poppers. My head was spinning, my arse was warmed up. I was in heaven. She took the strap on out of my arse and then said "I've heard you're a good sucker. Suck this" and made me suck and lick the strap-on.

Poppers usually make me lose a hard on, but soon I felt her mouth on me, giving me an utterly delicious blow job, so I managed to get the blindfold off to watch this utterly gorgeous girl sucking me, with her blonde hair flowing over my balls. Needless to say, hard on returned.

I told her I had to get hold of her, so she untied me and I was able to get my hands on her. "God, you'd look great in an outfit" I said. "You want that?" She replied. "Of course". And 2 mins later I she was in a PVC nurses outfit, with me wanking next to her, sniffing poppers and in heaven again. I was right on the cusp of coming, but couldn't get over the line.

Until I said "surprise me with another outfit". I closed my eyes and when I opened them again, she was in a black negligee , saying "This is every man's fantasy. Give me your cum all over it". Well, that was that and 1 minute later I was spurting all over her, utterly sated, utterly fucked, utterly happy.

Without a shadow of a doubt, this was one of the best sessions I have ever enjoyed - right up there with the fabulous Lisa from this place a
