### The Premises:

A rather compact room in the usual hotel that Hamilton's student escorts tend to use. The lifts were out of order and I finished up using the stairs - fortunately she was only on the second floor.

### The Lady:

A very nice looking girl - petite and very slim. About 23 or 24 years old with a 'girl next door' charm.

### The Story:

Skye met me at the door, we settled the business side of things and I went and had a quick shower. As I was her first client of the day she nipped in the bathroom after me to brush her teeth. We had chat on the bed for a little bit, then she moved in for a kiss. Whereas some girls merely promise french kissing, Skye went the whole way. She helped me off with my towel (alas the clasp on her dress was beyond me so she removed that herself) and she proceeded to set down to OWO. After some minutes I asked if she'd mind I explored her body for a while. I helped her off with her bra and things moved on from there.

Sadly I only managed one round (old age!) which was a pity as I know from recommendations that she can be quite a naughty girl when the mood takes her. Once I'd cleaned myself up we chatted for a while and it came as no surprise that she'd just been awarded a first class degree from one of the best Unis in London.
