My first threesome with Thais and Lucy. They both looked very sexy, matched description published on their website.

The Story:

I have always wanted a threesome and I just knew that with Thais in command it was going to be something to remember. Watching two women in a sexy embrace is a big turn-on for me. Especially when they are so desirable. Thais came into the room first, fully clothed, or rather in the tightest of dresses. Emphasising her fabulous figure. Killer high heels as always adding a few more inches to those fantastic legs which seem to go on and on already. She is incredibly elegant, sophisticated. In the past we have really connected in conversation. But today she had something very special planned for me. She asked me to settle down on the sofa, facing the double bed. Then in came Lucy wearing right down to her undies the purest virginal white, contrasting with the dangerous black of experience worn by Thais. A slow, sensual seduction followed, with Thais gentling leading Lucy towards some blissful moments, with deep kisses and with every part of her body explored, before bringing her to orgasm. Then Thais led me to join them on the bed. What happened next? Well, I'm not telling: let's just say that I have never felt so wonderful.
