### The Premises:

Visited her at her place in the city, near Queen Square. Bit tricky arranging, so you may need to be flexible and try and sort it out in advance. She seems to prefer outcalls so, if you can, this may be a better option. Parking is difficult on street (this is Bristol), but there are a few carparks nearby. Her place is clean, tidy, and felt safe. I noticed she was incalling in Clifton and don't know if she may still offer meets in that area, I didn't get chance to see her at that time.

### The Lady:

Pretty. Brunette. Caucasian. She says she's late twenties and I'd have no reason to doubt this. About 5'5. Her most striking feature is her eyes, but I'll say no more as she values her anonymity very highly and this info might be too revealing. I'm terrible with dress sizes, but would say probably a ten. She says she keeps fit by running.

### The Story:

Jane is a real find. Genuinely part time and claims to only see guys very infrequently. She often drops off the radar for months, even years. I first saw her in Cardiff and then nothing for several years until she popped up in Bristol. She used to incall near the Millenium Centre for anybody who may recall. I think she went by a different name then, Natasha or something. She says she's been travelling with work, who knows. Maybe she met somebody.

She insists on anonymity and discretion, more than most, and tends to want to get to know each other by email first. She occasionally appears on AW and craigslist when she's working/looking for new clients.

This meet was really special. I arrived on time, freshly showered. She was a bit shy to begin with, but soon became friendly and chatty. She's got a sexy Welsh accent. We sat for a little while and talked over a drink before moving to the bedroom. She became a little shy again. You really get the feeling she doesn't do this often, which is my favourite type of girl.

We undressed each other. Plenty of kissing. She gives an excellent uncovered blowjob and let me suck and lick her. On with the condom and I fucked her in a few positions. She went down on me afterwards and jacked me off on her breasts. Services are fairly vanilla, I guess, but she's enthusiastic and it's a great girlfriend experience.

We chatted for a little bit afterwards and then my time was up and I had to leave. Absolutely no pressure from Jane though and I get the feeling she'd have been more than happy to talk longer. I just feel uncomfortable overstaying my time, don't want her to think I'm taking advantage.

Jane is one in a million. Can be difficult to contact/arrange a meet, but if you can you won't be disappointed! If I was in Bristol more often I'd keep her to myself, but will share as I've no idea when I'll be back ;)
