The Story:

My first punt! I told her this pretty early on as I felt quite nervous and she was great. Made it all very comfortable and I was at ease pretty quick. Lots of kisses, clothes came off quick! I started with her which she seemed happy with and got her to cum with my tongue. She then told me she wanted to show me something and got to work on me with her mouth which felt amazing. Onto a bit of 69 after that and her bum was just a joy to stare at while I sacked on her clit. Next she suited me up and started to bounce up and down on my cock. Her body is beautiful and watching her riding just fantastic. I took over from there with her on top still but hard and fast now. With the job done she told me I was crazy but liked it lol. I think she was a little sore, I've got nothing special to brag about so maybe just a little rough but she didn't seem to mind! Will see her again
