The Premises:

Pleasant, as described in my earlier FR for the same day.

The Lady:

Slim, petite, lovely, lots of presence, and, as I discovered as the massage progressed, a mesmerising gaze.

The Story:

Kate began the massage, broadly speaking, in the same way as with Tiffany earlier that day. I guess there is a basic formula to be worked to (obvious for a fixed time frame, perhaps), but within that each lady applies her skills with her own personal touch, so to speak.

With Kate it seemed to me that her way of doing things was (whether by luck or skill or both) almost perfectly aligned to what turns me on. I've got to the age where it's not just the climax but the whole experience that's important. Both during the body-to-body while I was still on my front, and after I turned over (with, by the way, a small cushion placed helpfully under my head to bring my face closer to the action), the closeness and intimacy were fantastic. At one point I asked Kate to massage my hands and I have to say, this was for me an almost out of body experience: true OMG territory. Needless to say, a seriously happy ending, followed by a few minutes more massage while I enjoyed my endorphins. I was also able to relax on the table a bit longer as Kate took her shower first.

Read this together with my earlier FR on Tiffany, whom I saw earlier the same day. Both ladies were great, each in their own way and I heartily recommend them and Ego.

(By the way, the Fenny Stratford lock and a nice pub are not far away, so you can stay comfortably occupied if you decide to go for a couple of sessions with some space in between.)
