The Premises:

Unremarkable flat close to Earl's Court underground.

The Lady:

Electra is a good looking slender girl with a toned body and small breasts. Cup size C is definitely nowhere to be seen but what she has is firm and well rounded, probably somewhere between an A and a B cup.

Lilly, who is the younger of the two and also slender, albeit less well toned, advertises as a 32B and that is honest.

The photos for both of them have been photoshopped but not so much that you would be disappointed seeing the ladies for the first time as they are both pretty.

The Story:

I was very much looking forward to this duo and had asked the agency to provide a recommendation. I had not asked for a lesbian duo but for a steamy 2 on 1 session. What I got was one very good and engaged girl, Electra, and another that was really disappointing, Lilly.

After I arrived we got acquainted, made a few jokes and I took a shower. When I returned they were both lying on the bed beckoning me to join them. Great start I thought and went ahead. Electra was very quickly in control and we really clicked: DFK was great and after I had kissed and sucked her tits and played with her clit she got really wet.

Lilly on the other hand was passive, did not know what to do most of the time and when I tried to kiss her she turned her head. I then wanted to have OWO from both: Electra started very well and with enthusiasm while I sucked Lilly's tits. That was a great combination. Lilly doing OWO was boring even though I had a great time snogging with Electra while Lilly was trying to figure out what to do with a hard cock in her mouth.

Originally I had fancied fucking them both, taking turns. But Lilly was clearly disconnected so I did not bother with her anymore, just groping her nice tits from time to time.

I then went ahead and fucked Electra who was not only dripping wet but clearly had it in her head to come as well. She was grinding her hips and pressing her pelvis against mine while I pumped harder and harder. I was really surprised when she suddenly climaxed ahead of me - no fancy roleplay with ahs and ohs but a series of honest shivers through her body and then that relaxed postorgasmic letting go for a moment. When she came to her senses again and realised I had not

yet come, she got back into it and accelerated the pace until I had a great orgasm too. Contrary to many girls who cannot get your best piece out of their box quickly enough after you had an orgasm, she let me enjoy that intimate moment until I decided to pull away. Very nice!

The verdict: Electra was excellent and I would see her again any time. Lilly was a disappointment. I would not book them as a duo again but Electra is definitely on my short list.
