The Premises:

LSG have moved to a new place just across the road from their previous flat. I prefer this new place as there aren't a load of steps to climb up.

The Lady:

Rachel is a tall, slim, pale English girl in her early to mid 20s. Strawberry blonde hair and very attractive in an understated way.

The Story:

After the experience the day before at London Retreat, carried on with the kinky theme but this time the boot was on the other foot. Went for a secretary roleplay where I chastised Rachel for her recent shoddy work, lifted her skirt and gave her a good spanking before I had her on my knees sucking me off. She does give good oral and after another bout of spanking moved onto oral on the bed and finished off with a hand job.

Overall, it was a good session but was missing a certain spark but this may have been down to me feeling a bit jaded. Certainly I would consider another appointment with Rachel to explore this genre further.
