The Story:

I realise to some this review may seem a little "fluffy" but it was my experience and what I have written is how I saw the experience. Lara is quite difficult to arrange a meet with, simply because the time she has available is limited, as escorting does not define her. What defines her more, I would say from the meet, is the variety of interests, she knows her own mind and is a great human being. These are important qualities to me in a GFE. For this reason I had picked up on her website over a year ago but for various reasons only just managed to arrange a meeting.

So how did it go? Comms were good. Lara was on time and changed to what I had requested on arrival at my hotel room. She does clothing requests and managed to interpret my likes very well! First impression on entering room was "wow" it's said on older reviews her photos on her website don't do her justice. This is absolutely true. She is was very attractive even in the dress down state which she had entered the hotel. We chatted for quite a while, probably too long in reality, because Lara is great at conversation and engaged in what you have to say. Lara was quite clear on her boundaries which were not as restrictive as I thought they may be from her profile on the website. Nevertheless, I was a bit concerned that I was not going to get sufficient arousal as Lara only carries out activities covered which doesn't usually work for me. I was wrong, Lara is very experienced and knows how to arouse a man, covered or not. There was lots of touching and oral both ways, that which she performed on me was standing which was a first for me. I am not always that bothered about penetrative sex but have to say that It was great with Lara. Even made me think I must get fitter! I am only usually capable of one orgasm these days but must say that when it happened it was the best I have had for some considerable time. I can only put this down to Lara's ability to arouse both with her actions and looks.

As I mentioned before, Escorting does not define Lara so her prices are quite high as may be expected in the circumstances. Despite this I enjoyed my time Immensely and will certainly try and rebook at some point before she moves on to another, different, phase of her life as I feel she inevitably will. What is truly amazing is that there are reviews on here that go back nearly 15 years

on Lara and she also had a career before that. Despite this she comes across in both appearance and demeanour as someone very youthful and vibrant.

To sum up I would say, If you want to treat yourself to some special time you can probably not do better than make the effort to meet Lara. You will be in good hands!
