The Lady:

She is lovely looking, typical girl next door type. Very trim slim and tight figure.

The Story:

I arrived at Annabella's at 10:55 and the door was answered fairly promptly, and I was asked if I had an appointment and after explaining my booking, was shown to the room while being asked if I would like a drink.

A few minutes later (no more than 3 minutes) Nadia arrived in the room dressed in matching bra and knickers with hold up stockings, and I immediately thought to myself that I had made the right choice of the available ladies for my visit. it wasn't the warmest of rooms and Nadia went straight to the radiator to see if she could adjust it to make it warmer, which seemed to make no difference.

Unfortunately things didn't seem to get any better. As I write this (and at the time of my booking) Nadia's profile states "OWO, GFE, Kissing, RO, Massage, T&T, 2G interactive with Ruby only".

Let's get one thing straight, I'm no adonis. However, I'm no monster either. I shower every day and was freshly showered when I arrived. I don't smoke, I am clean shaven (my face), I'm a little overweight, but who isn't? I am a typical guy.

When I tried to initiate a kiss from Nadia, she turned her face away from mine and I ended up kissing her cheek and neck while my hands explored her body (No kissing?). I positioned myself sat on the bed with Nadia stood in front of me. There was no reciprocation from Nadia, and she stood there, arms by her sides while I explored her some more. I thought at this point that it wasn't going great and tried to fix this by laying her on the bed and going down on her. We stayed like this for some time and she seemed to enjoy this. However, when this came to its natural conclusion and we swapped places, Nadia knelt on the bed next to me, like one would kneel on the floor, and started to stroke my cock in a mechanical manner. There was no passion at all, and it just felt like this was

what should be happening at the allotted time. Struggling to maintain any kind of erection, I asked her to suck me to attempt breath a bit of life into the encounter, and she said she would once she had a condom (No owo?) Fitting a condom to a semi hard cock is not the easiest thing in the world and after my attempts to help her she finally started to suck my cock. I don't really like oral with and there's very little sensation, but this did improve matters a little and after a short time I was ready for sex. This was the final nail in the coffin. I'm not huge, again, I'm just a normal guy, but Nadia would not move her hand from between us, and it felt like she was trying to prevent me from entering her at all. after a couple of minutes of this, I went limp again, and decided enough was enough. I apologised, she apologised. We got dressed and I left.

I've had lots of excellent visits to Annabella's, and I don't want to be mean or rude to Nadia, she's still a human being and don't want to offend her in any way. Unfortunately I just can't tell if Nadia and I never hit it off, if she's always like this or if she was just having a bad day, but I just can't find any reason to recommend her. Her profile states GFE, but this was nowhere near it, in fact it felt very much like she didn't enjoy the encounter at all and almost as if I was abusing her! I left feeling a little grubby and very disappointed.
