The place is easy to get to, and clean.

The Lady:

It's not the girl in the photos in the site. She also advertises in backpages using the same photos. But it's fairly obvious that it's not her due to the low price of £130. In reality she's in her early 20s, a little taller than 5 foot, and a little chubby but definitely not fat. She's also fair skinned, and was speaking in Cantonese with someone, so I guess she's not Japanese either as the site claims.

The Story:

All the above really wouldn't put me off as over the phone she said she is actually japanese and fair skinned, and that I can leave if I don't like how she looks. But the problem was she was one of those 'don't touch there' 'don't do that' types. Her nipples were too sensitive. She didn't kiss, and she kept her hand in front of her pussy to stop me going in deep, and kept saying I'm to big. I'm not that big! So not really a good experience.
