The Premises:

The usual high standards at Annabellas, clean, safe and very convenient.

The Lady:

She is attractive girl in her late thirties, with a fantastic slim figure and lovely long dark hair (the pictures on the website certainly do her justice).

The Story:

I was certainly pleased as soon as I first saw her and after sorting out the paperwork we started kissing. Now I was hoping for some French kissing to get me started (but sadly I am not one of the chosen few that Lottie gives this pleasure to). However she did say that she loves to start with a massage. I decided to go along with this and boy I am PLEASED I did! It is a massage the likes of which I have not had before and as a result I was rock hard and desperate to start exploring her pussy with my tongue. Now the details of her massage can be found on other reviews but take it from me it is awesome and all the better if you let it be a surprise. My next delight was seeing her rear. Peachy describes it perfectly.

We adopted the 69 position with Lottie on top. I spent a good long time worshipping her wonderful pussy, whilst she performed wonders on my cock. Then on went the protection and we did it doggie style for ages. Then she turned over and whilst doing it the mish position that I appreciated how good she is controlling her pussy muscles. I then asked for cowgirl position and she duly obliged. She then said more oral and I said "How about some hand?". She seemed put out, so I said "Okay, yes please" and I ended up with a nice combination of hand and mouth to finish. Bingo!

I enjoyed every minute and we had a good laugh whilst getting changed. Her smiling is infectious and I told her "You are Fun!" and the "Minnie-Mouse-On-Helium" voice adds to my feeling of endearment!

I will certainly be seeing Lottie again. Thank you Annabellas for providing this treasure.
