The Premises:

The flat is in a council block about a 3 minute walk from Whitechapel tube station. It is clean inside and there are shower facilities.

The Lady:

A slim, dark haired Hungarian girl with really lovely, firm 38B/36C breasts.

The Story:

I had a very fortunate punt. My preferred option was incredibly rude to me via texts so I decided to look elsewhere. What good fortune that was. The service offered was Nuru massage/relief only, but boy was it good! On the door she has a sign saying no Sex/Oral.

The massage with oil itself was very slow with light stroking. She also used her breasts at one point. It started on my legs and then progressed to the inside of my thighs, buttocks and scrotum. By then I was definitely feeling aroused. The turn over moment arrived and I saw Kendra's really lovely breasts. They felt even better than they looked and I managed a brief lick of her nipples. She asked me how I wanted to be masturbated and she did it exactly as I like it done, slow and light. I was soon spurting and it was a lovely release. I took a shower and then headed back home.
