The Premises:

Parlour relatively near station. Smaller and more discreet than Annabellas but roughly the same interior decor.

The Lady:

Odd. Very, very pretty girl but doesn't seem to make a lot of effort to show it. Hair was disheveled and she appeared to have just woken up. This didn't bother me particularly but I had the impression that if she tried, she'd look breathtaking. She did anyway.

The Story:

Liked her a lot and conversation was very easy. She's somewhat laid back but good company. More of a GFE than a PSE but she's responsive and friendly and while you never quite lose sight of the fact that she's a professional as you do with the very best girls, she's also very easy to be with. I would say she responds more to you than taking the lead herself and I would guess that if you saw her regularly, the experience might become even better. Will see her again.
