The Lady:

Around 5'8" and all I can say is exactly the same as the photo's, if you've ever read one of those FHM top 100 lists, you wouldn't be surprised to see her in the top 10.

The Story:

Knocked door, short wait, answered and straight away taken to the massage room, small but very nice and clean, had a quick shower and waited a short time for Valentina to arrive. Upon arrival she introduced herself and put some music on, and asked me to lie face down and relax for a B2B. Very nice relaxing massage, every now and again I turned my head to the side to see her incredible tight body, I had to comment on this which she found amusing I think. She teases a little in a nice way by showing a glimpse of her panties through the place you put your head, and placing your feet onto her stockings while she is doing your legs. After about 30 mins she asked me to turn over and a full body to body began, with her looking into my eyes and blowing on me in an incredibly sexy way, the ending was so good, she played with me expertly, I asked if I could touch, she agreed, running my hands over that body was a real pleasure, feeling her flat stomach and brushing against what looks like a tight pussy made me come all over her, the view of her biting her lip as she played with me will stay long in the memory. Valentina also works elsewhere offering a lot more services, if I ever get to see her in that capacity I will be happy!
