### The Premises:

Usual place

### The Lady:

Brit, nice friendly manner, very pretty in a girl next door sort of way, mid 20s, slim, long thick dark hair, small - medium sized breasts, fully shaved between the legs.

### The Story:

Strange punt this one.

I arrived on the dot of the appointed time but was told by the maid that Jenna might be a few minutes longer as she needed to freshen up. Jenna entered the room 10 minutes later apologising profusely for being late saying that she had been very busy that day and desperately needed a coffee. She formally introduced herself by offering to shake my hand and this quickly became a kiss on the lips which became LFK and which became DFK in rapid succession. And she DFK'd beautifully.

She seemed very enthusiastic and I recall thinking a few times in the early stage that she must have been Milton Keynes's best kept secret. Her eagerness knew no bounds as she pushed me onto the bed and frantically gave me owo. Her technique was excellent and I had to slow her down by initiating more DFK on a few occasions and also FJ and RO to prevent a premature conclusion. But she soon accelerated the pace again until I was pushed past the point of no return and gave up trying to hold back.

She made pleasant conversation as we dressed and I left the apartment 20 minutes after I'd arrived feeling seriously short changed. The action itself lasted 10 minutes at the most and it could have been a bit quicker had I not made efforts to slow things down. But what she did within that short time was truly excellent so it would be harsh not to recommend but with the caveat that others need to be prepared to be more assertive to ensure that they get the time they paid for.
