The Premises:

Small clean and tidy apartment in a secluded area. Easy parking available.

The Lady:

Tall, blonde, great figure and an exquisitely beautiful face framed by a great haircut. She has the most engaging personality of any of the ladies I have met. I had the most wonderfully realistic gfe with her. She is great fun to be with and totally enthusiastic about sex.

The Story:

I arrived about 20 minutes early but Misty said to come straight in. She greeted me wearing a figure hugging lacy mini-dress, seamed stockings and heels and gave me a big welcoming hug. She dealt with the paperwork as I took a much needed trip to the loo (I had travelled 100 miles). She invited me to join her on the sofa and we started to chat. It was just like we were old flames catching up (just like she says in her AW profile). Totally natural, within two minutes I knew her real name, she held my hand and stroked my forearm as the conversation flowed. I somehow managed to talk in whole sentences as I feasted my eyes on a woman becoming sexier second by second. She really does have a face to die for. I just hope I didn't gawp. Time flew as we learned lots about each other over cups of tea. It was a genuine coming together, much more so than other gfe experiences. I loved it.

I noticed that somehow the hem of her short dress had ridden right up almost to her hip. I pointed this out to her and offered to tug it back down. "Oooh let me show you something" she said, and standing she pulled the hem right up to reveal a knickerless derriere. "Oh my" I reacted, as you do, thinking "I hope she doesn't go to Sainsbury's like that".

Once my tea cup was empty she suggested that we head to the bedroom saying that she had a problem I might be able to help her with. Being a gentleman and also curious to find out exactly what her problem might be, I went along with this plan and allowed her to lead me by the hand. Now I am not going to tell you what that "problem" was or how I tried, and tried, to help her. Suffice it to say that, following her example, I was required to undress in order to do so. Oh, and it was really great fun too. I am happy to report that according to Misty's comments my efforts were very satisfactory. Even happier to report that she showed her gratitude in the most deliciously enjoyable way. With her problem sorted, at least for a while, we resumed our conversation in naked intimacy on the bed. Lovely. After, when I had dressed, I turned to find that Misty had put on an orange strapless wide skirted mini dress that immediately reminded me of Mia Farrow in Rosemary's Baby.

So SEXY.

I think you will get the idea that Misty is a truly fascinating person and great fun to be with. She is mischievously playful, amusingly rude, and genuinely very very sexy from every point of view, literal and figurative. She certainly brought the best* out of me. Of all the lovely ladies I have met she is definitely the one I would choose as a real girl-friend. If only. I have a very strong feeling that my diary is quickly going to synch with Misty's work schedule. A big thank you to the guys on the PunterNet Forum for bringing Misty to my attention.

*Misty – I will try to improve.
