Two lovely ladies who are as per their pictures on the website, although Charlotte has gone blonde.

The Story:

I have attended numerous parties at various places in Manchester but my last one was over a year ago at LMP but as it had been the best one I had been to I had to try their reincarnation in Birmingham. However, I must admit this one wasn't as good but that was because of the lack of participants.

At the LMP there were 5 ladies to 10 guys, TLC had only 2 ladies but there was only 3 punters. The two ladies were Irene, who is lovely and Charlotte, again lovely but crazy as a box of frogs and totally unintelligible to this poor Scotsman. As there were only 3 guys, much of the party was one on one, with the odd spit-roasting, but I pity the other 2 guys as I had to leave with 40 minutes to go after cumming 4 times and the girls were determined to have their way with them for the rest of the time.

I must admit that I would like to go to another party next week but the 550 mile round trip in one day is murder, so I might leave it a while and go to a couple of parties and book a hotel to stay over. However, one thing I cannot understand is why there isn't a queue of guys wanting to go to these parties because where else can you go to spend 3 hours with some gorgeous girls for only £100, in some parlours you would be lucky to get 1 hour with one girl.
