### The Premises:

A top floor flat in a block very close to Whitechapel tube station. It has shower facilities inside.

### The Lady:

As pictured. A blonde East European girl in her late 20's/early 30's a very nice figure with medium C cup breasts.

### The Story:

Another really good tantric, oil massage with relief. It was in the same room I saw Helena in, but this time the massage was performed on an inflatable bed as opposed to a table. The massage was really good, especially around my neck, shoulders and back. The soothing music helped me to relax. The occasional swipes around my groin kept me aroused and I was "standing to attention" when I turned over. Anita masturbated me slowly to completion and at one point rubbed her breasts over my erect penis. I had a shower afterwards to remove the oil.

This has been a good find and I may return because there are other girls that work there.
