The Premises:

Debbie's is a well-known and frequently reviewed establishment near to Anerley Town Hall and Anerley Railway Station. The parlour may be approached from either its front entrance on Anerley Road or, more discretely, by the rear entrance in an alleyway behind the shops. The ladies available operate from two basement bedrooms, both of which are clean, well-appointed and have very comfortable beds. A toilet and shower are also available, and Debbie herself is invariably on hand with her customary warm greeting and offer of refreshments. Parking is usually easy to find but one has to beware of a few random yellow line restrictions. Despite being a trifle run-down, the neighbourhood is OK (at least, in the daytime) and I have never felt unsafe there. I have been going to Debbie's for well over a dozen years or more and never encountered any difficulties.

The Lady:

Madison's beautiful, slim, lithe body is very accurately depicted in her photos on Debbie's website. Her face is utterly stunning and she has the most gorgeous eyes and smile, which light up her face (and mine!) when she greets you. Personally, I think that she is beautiful: however, I accept that beauty (as The Bard wrote) lies in the eye of the beholder! She was wearing a red camisole over a black bra, black full-brief knickers and red fishnet hold-ups. I love lingerie but hate thongs and strings, so Madison's knickers alone more than worked their magic for me. She is exactly the height and size described in her profile. Her personality is wonderful and she is so easy to get along with; witty; chatty and most engaging throughout the entire visit. She also makes you feel very special and tells you how she intends to meet your requirements as her client. I gave Madison an extra £10-00 for a very limited amount of OWO at the beginning of the blow job. There is a mirror alongside the bed and I adjusted, it in order to be able to watch the action from a different angle.

The Story:

I asked for a very slow, deep, sloppy and sensual blowjob, with some sloppy, lubricant-assisted wanking at whatever stage Madison decided to give it. I had brought with me some Durex Tingle lube and a Durex ribbed condom to add sensation to both the oral and my eventual orgasm. Madison knelt in front of me and started by licking gently along my shaft and tip but stayed away from my balls at my request, otherwise I would have cum far too quickly and, for the same reason, I also asked her not to draw back the foreskin for at least ten minutes. Having got me erect, I put on an ordinary thin condom and Madison began the most wonderful of blow jobs imaginable. Her

technique is utterly sublime and her tongue was darting around the shaft and glans, whilst her right hand fingers lightly gripped the shaft and her left hand fingers gently held my balls but without stroking them. I then asked Madison to remove the camisole and to kneel by my right shoulder and to carry on from that position, whilst I watched her in the mirror. Madison then deep-throated me and I could feel my penis against the back of her throat, whilst her tongue continued to work its magic. When I felt that I needed a break, I removed the condom and squirted some tingle lube on my glans. Madison went back to kneeling in front of me and this was the point at which, for the first time, she gently drew back my foreskin and exposed the glistening glans, starting to gently wank me with her thumb against the powerful nerve at the base of the helmet. The squelching noise was superb and we both knew that I wasn't going to last much longer. So, on went the ribbed condom and Madison commenced sucking and licking again whilst I writhed on the bed in sheer ecstasy. Then, at my request, Madison put one hand under my balls, which were bursting out of their sack, and started to stroke, whilst the other fingers were down near my bottom and almost rimming me. The sensation was too much to bear and I came a massive load into the condom. As requested, Madison kept the gentle stimulation going until long after my main orgasm, knowing that I need a lot of time to completely subside. This BJ was one of the best that I have ever had, my orgasm was really powerful and Madison's skills are unbelievable. Try her, you will NOT be disappointed.
