The Premises:

Location was discreet and quiet with off-street parking. Building is a quiet 1930s apartment complex. Premise is at the top of a flight of stairs. The place is extremely clean and tidy with a well-kept bedroom, toilet and bathroom. Fresh towels are available.

The Lady:

Luiza is a woman in her 30s, she is curvy and has large breasts. Her face is radiant and she is quite polite when first meeting. Did have a slight pong about her which was a tad off putting.

The Story:

I was in the area so I thought I would consider visiting Luiza. I booked a time believing I would receive a massage and a hand job. When I turned up, I was greeted warmly. When it came to exchanging currency, I asked about extras and be warned that a) they are more expensive than on her AW page b) she hasn't a clue what they mean.

Once we got that out the way, I had a nice shower and laid on the massage table. Her massage was substandard with very limp attention paid to the upper body. Half way through she abruptly stopped and instructed me to lay on the bed. There things changed, she went very cold and wooden. I wanted to see what made her a "sex bomb", sadly, this bomb failed to go off. When I asked whether she would suck, she refused. Then I asked, whether she would give me a handjob and this was quite careless. I felt that if I didn't stop, I may incur an injury which would be embarrassing. I could see this wasn't working, so I asked whether she could massage my front and then I'd go off my merry way. She became frustrated and almost offended I ask for what she has advertised on her AW page, her response was she only massages when she "feels like it". I could see that nothing more would "cum" of this, so I asked if I could have a shower and take my opportunity to leave. She was not as polite as when I arrived so I quickly made for the car and left.

I would exercise an element of caution if you wish to see Luiza, perhaps it was me and not her that was the problem but I felt shortchanged given the conversation we had had prior to my arrival. I think next time I'll stick to my usual haunts.
