The Premises:

Location discrete, clean and tidy... parking available ... off the main road. But near a parade of shops and tube station

The Lady:

Always friendly and maturing beautifully! She is both fit and cuddly, her skin is the smoothest of silk and her soul is radiant with care.

She is Hungarian and claims not to speak any English but someone who does speak fluently answers the call. Not only is she very giving of herself (I think she may well have been a nurse in her previous life in Hungary) but she has a strong healing quality. On the down side she can get a bit low and will be away for long times.

The Story:

Visited a neat block of flats in Southgate well hidden behind a high wall and though parking is available the location is only a ten minute walk from the Piccadilly line .

Ground floor flat in a complex of many similar apartments and so quite discrete. This beautiful lady lets you in and her door is close by... she kissed and hugged (French kissing)... Always demure and well turned out she has the most desirable body... which now however bear some piercings (navel) and some thing in Hungarian tattooed lengthwise on her left side of her abdomen (a phrase in meticulous calligraphy to the effect that ' it only takes a moment to break a heart but a lifetime to recover'). Deciding On the half hour for 40£ (or £60 for the full hour) since times are difficult .. Showering facilities are available which it is courteous to use for your satisfaction as well as respect for her. As I am not as young as I used to be the lady offered oral and also appreciated herself similarly treated.. . Which we engaged in to our satisfaction .

Condoms always in abundance and expertly applied before engaging in missionary The lady appears to appreciate vaginal intercourse from behind and so obligingly the author turned her to satisfy her thus. Doggy woof! The lady is sensitive and beautiful and on completion will clean you lovingly and meticulously with wipes especially around the prepuce and glans. Showering again is comfortable for the return journey, so time is up and amidst the soft music and candle light the lady escorts you outside once dressed , checking before opening the door to the outside into the corridor... And world outside the moment is over but the lingering lye healing continues all day. A beautiful lady maybe going through hard times herself but resilient and wholesome. Respect her

and treat her well and this care you show her will return manifold in dividends through her affection shown back to you ... A real treasure and gemthere have been unkind and nasty comments elsewhere about her with which I disagree and so I wrote this to balance the perspective on this lady as someone who offers of herself and is truly special.
