The Lady:

Jemima is a natural beauty queen in central London. She is incredibly beautiful, charming and alluring making her an excellent option for a booking if you are looking for a night of excitement. Being all natural including her perfect boobs, gives Jemima the edge over a lot of escorts and what makes her even more wonderful is her engaging personality.

The Story:

My experience with Jemima was exquisite and is unmatched by any other escort I have spent time with previously which is why I would 100% visit again. As I mentioned earlier she is fantastic if you are after an evening of excitement due to her confidence, charm and spectacular looks.
