The Premises:

Place near Victoria Station. Described many time previously on this forum.

The Lady:

Attractive, 20 something, EE, brunette, medium height, slim, medium size breasts, fully shaved, similar in appearance, manner of speaking and personality to 2 or 3 other ladies working with the HoD group.

The Story:

Candy only had a couple of reviews against her profile at the time I saw her but was on the list to see on account of her photos. I'm certain that these are the same as those used for Anya who disappeared off the radar a little while ago and for whom at least one of the review seems to be. It was slightly disappointing when Candy walked in with brunette hair as the hair colouring was one of the things about her photos that appealed. Such was the blurring in the photos that I cannot say with any confidence that they are definitely of her but Candy was very friendly and greeted me with a lfk so this was soon forgotten.

She turned out to be a very keen and willing companion who offered FK, excellent OWO and sex in a variety of positions of her choosing. A fair bit of the session was spent with her on back rubbing herself furiously between her legs as if intent to bring herself off while I pleased her with tongue and fingers. The finale was by hand as she doesn't do cim which is fair enough as this isn't a service mentioned on her profile.

Overall a very pleasant experience.
