The Premises:

The property is a flat in a dirty looking and large sprawling group of flats located in a cul-de-sac. It's relatively easy to find and parking is free despite what the signs say about residents area. The inside of the flat was basic, not particularly clean. There is a bathroom but it was not offered for use and not looking particularly clean I didn't rush to use it. The room was also basic with just a bed and bedside cabinet in.

The Lady:

Tina, as she called herself, was apparently standing in for Mary - the name on the advert. The pictures are actually of her though. She has a fantastic body, standing around 5ft 4in tall, enhanced breasts, mainly shaved down below. She claims to be 29 but close up I would say she's closer to 35. Her body is killer hot, her face is fairly plain. She doesn't seem to smile at all. In fact I would say she was dour.

The Story:

Once the £100 was handed over, she put it away, came back and undressed and stood waiting for to do likewise. She asked if I would like to start with a massage, so I said yes and she did some fairly basic rubbing of oil on my legs. That went on for a few minutes, before migrating up to my back before the flip. Once turned over, we had a couple of minutes stroking my legs, before she started work on my little fella. Once up, she wasted no time getting the rubber on - no OWO here. She can't put a condom on! She left no room at the end so I pulled it up a little and she seemed to take offence.

She started with a BJ, which couldn't have lasted more than a couple of minutes before she climbed on top and started pumping up and down. Again, this didn't last long before it was my turn. We got into missionary position and barely 2 minutes in, she was groaning it was taking me too long to cum. I went on a little longer before she pulled back and insisted I get on my back. I thought a proper BJ might be coming, instead she simply got a ton of oil and wanked me until I exploded. She then cleaned me off, and went back to the massage.

We built up for a few minutes before I was hard again and she was about to give me another hand job when I asked to go doggystyle. She didn't like that idea but reluctantly agreed. Again, we were only going for under 5 minutes before she wanted to stop and give me a hand job again. At this point I gave up and let her. My mood was gone, we finished up, she cleaned me off and then left the

room. I got up and started to get dressed and she stood by the door talking in Thai to someone. Again, not particularly friendly or courteous. I used the toilet and left. She simply opened the door and walked out, no goodbye or anything.

I wouldn't hurry back to see her again. She was cold, avoided any conversation, didn't really want to provide any service and was generally unfriendly.

She claims to usually work in Croydon.
