The Lady:

Even better looking than she is in her profile pictures. Slim, toned and petite (although she is quite tall) with a fabulous little ass!

The Story:

Tatiana is a little minx, very playful and quite the tease.

After exchanging pleasantries and stripping off, Tatiana started working on the little fella. She asked me what I wanted, and I said to kiss her. That was it, she then proceeded to tease me for the next 30 minutes by choosing when to let me kiss her. Usually, this would annoy me but I really quite enjoyed the 'chase' with Tatiana.

She gratefully accepted the RO, even complimenting me on my skills. I then took charge in the missionary position and would like to think she enjoyed it, as the kissing became very passionate. A couple of position changes later, she gave me a OWO but doesn't do CIM.

All in all, a great punt and I'd definitely see her again.
