### The Premises:

Christine's apartment in Marylebone was huge, lots of rooms and large ones at that, spotlessly clean, it must cost a fortune. I had walked there with my good friend Honey so I couldn't comment on parking.

### The Lady:

Stunningly beautiful! Medium height with lovely long flowing dark hair, shapely body with perky tits and a gorgeous arse and a hint of the exotic about her. There are lots of pics on her own web site and although they don't show her face they are clearly accurate. She was wearing "formal attire" and sexy red lipstick when I arrived as we were going to start right away with some role-playing ...

### The Story:

This was a duo with my friend Honey who is a petite mega-busty blonde and who had recommended Christine to me. The roleplay idea was that Honey and I had been married for some years and, while we had had some fabulous sex to start with, things had tailed off in recent times and so we were seeing sex therapist Christine to see if she could help. There were various sub-plots about Honey having found some gang-bang porn on my computer - I was only really getting horny by watching such things - and that I had (apparently!) seen Christine on my own before and she had done some tests (I really had to suppress a smile when she explained to Honey that a lot of my sperm were swimming around in circles and one didn't even have a tail). Anyway, the bottom line was that Christine felt that hypnosis might be worth trying. To get me to fully relax she asked me to disrobe and lie on the bed and take some slow, deep breaths. While Honey went out of the room to freshen up she asked me to keep my eyes closed and imagine ten sexy ladies next to me and breathe in their perfume. To see whether this was having the desired effect she took my cock in her hand, then I could hear the rustling of some clothes being discarded and felt her body next to mine, her tits rubbing against my chest, and her kissing my left ear, all very erotic. She then put a condom on my rigid member and climbed aboard, riding me hard as Honey came back into the room. Emerging from my "hypnosis" I pretended to be surprised that Christine was on top of me - I thought it was Honey who I had been fucking - but equally delighted as she had certainly done the trick. In no uncertain terms Christine told me to do her doggy, and I could now see that she only had sexy black suspenders and stockings on. Repositioning ourselves I entered her pussy and held on to her waist as I admired her shapely figure as well as admiring the way she was licking Honey's

cunt out! We then moved on to some missionary before it was Honey's turn to see the effects of Christine's good work. Some good hard pounding sex ensued in a couple of positions as Christine sat back, put on some sexy glasses and made some notes. Honey then sucked me hard and Christine praised her for her technique before joining in for the spunky finale as the jizz flew everywhere.

There was plenty of time for some light snacks, drinks and some chat on the sofa, including the "which TV celebrity do I most look like?" question as well as the "guess my age" one. Quite a lot of it was me explaining some of my sex history to Christine as she didn't know any of it (whereas Honey knew almost all of it). Then it was back to the bedroom for another sexy session.

This time there was no role-playing, just good old hard and fast shagging with both ladies. One thing I discovered about Christine is that she really wants to have an orgasm, at one point I was fucking her as hard as I could and she was pulling me onto her even faster, at another she finished herself off with her hand. We just had a really shagtastic time; I had a good hard licking and tongueing of Christine's clit before Honey suggested that she should sit on my face and lick her out while Christine sucked my todger. All good things have to cum to an end and this time two willing mouths took another creamy load to finish off the session.

Wow, that had been brilliant, Christine had certainly earned her consultancy fee (!) and the night was yet young. Thanking her for a fabulous time - I would certainly see her on her own sometime given the opportunity - Honey and I made our way out to a local restaurant for dinner. Although all of the booking with Honey was great, the threesome with Christine was the highlight and I'm so glad Honey had recommended her to me as she is stunningly beautiful, very horny and superb in bed.
