The Premises:

I paid a visit to an asian girl (through A1 Asian Escorts) a week or so ago, and the contrast of that punt and this could not have been greater. The Thai girl worked in a dingy, smelly, dirty flat in Earls Court, acted disgruntled and grumpy through out. She didn't like this or that, and in the end she turned her head away as if I was some ugly old goat (which I could be, but she's been paid to pretend otherwise).. It was such a turn off I couldn't finish (or even start for that matter) and I left in 15 mins.

For the same financial consideration my experience with Roxy could not have been more different. She works from a nice flat in Paddington, clean, warm, modern. Proper bathroom and shower (as opposed to a dripping tap above a grungy bath).

The Lady:

Roxy is an extremely attractive woman, whose pictures on TSE do not do justice to. She is tall, over 6' in her heels, a perfect figure and beautiful skin. Her tits are small and perfectly formed... with a little help from a surgeon. Lovely long legs, long black hair and an engaging smile.

She opened the door wearing heels, stockings, bra and knickers. I guess I prefer a dress for these moments, but I hadn't asked, and I wasn't about to complain.

The Story:

She seemed a little reserved at first, and I think she thought I was too. She even asked if I was her first escort... Perhaps other guys just grab and get on with it.

After some brief chat and the completion of the previously mentioned financial consideration, we stood together and gently kissed. Soon she was undressing me and complementing me on my size.... 'I bet you say that to all the guys,' I told her.

I turned her around, bent her over and pulled down her panties... an exquisite moment.

We went on to suck and fuck in a fairly conventional manner, though she really does give excellent

head. As I get older I commonly require some self administered manual assistance, but Roxy's skill is such that with her touch alone I came into her mouth and just held it there for a minute... another exquisite moment.

She says she's half Cypriot and half Romanian... and I say she's one hell of a girl.
