The Lady:

Scarlet is a well built young lady in her early 30s. She has long jet black hair

The Story:

Scarlet had to take a break from work for a few months but is now back and looking good and has a new better flat.

After a quick cuddle, Scarlet lay face down on the bed so I could give her bum a good spanking with hand and riding crop.

Next she turned over for me to give her a good licking and fingering before she applied her pussy pump and invited me to pump her up. She endured several minutes of pumping, which she enjoyed, and then she gave me a suck and covered me up for round one.

She lay back with her stockinged legs on my shoulders so I could give her several minutes of really deep mish before I shot my load. As I was still dribbling after the condom was taken off, Scarlet bent over and sucked me dry.

After a little rest and a chat about things, Scarlet took me in hand then mouth to work me up to maximum stiffness. She bent over the bed and with her stiletoes on she was just the right height for me to slip in to her wet pussy and start pounding. After a few minutes I got her to kneel on the bed so I could continue the pounding in a more leisurely position.

Despite Scarlet wiggling her bum around I did not cum. But then Scarlet knelt down in front of me and took me in her mouth and that soon produced the desired result, so I could leave happy and pleased I had renewed my acquaintance with Scarlet.
