The Lady:

Looks nothing at all like her photos. She looked good enough in a dress, but when it came off her boobs fell to her waist, and she was covered in scars and pock marks. Had on way too much perfume, and her fanny smelled like hell.

The Story:

She took the £200 she had requested on the phone, opened my hotel room door and handed it to someone outside my room that I didn't know was waiting on her. Wanted another £100 before she would undress, and since my original £200 was gone out the door, I gave her another £50 and hoped for the best. I should have cut my losses and sent her packing. As mentioned above, once her dress came off she was just horrible looking, and smelly down there. She gave me a covered BJ just long enough to get me slightly hard then turned around for me to do her doggystyle. I tried to move her around to some more positions but she just got irritated. The speed with which I got off was only matched by the speed she was out the door.
