The Premises:

Easy to find. Post code (which she will reveal) takes you to the right road then you just have to do what you're told. Parking seems safe. Neighbours not too nosy. Even as a first-time visitor I didn't feel nervous.

The Lady:

Sash is an energetically fit young woman. Her figure is divine with a slim waist, a womanly bottom just begging to be shagged and lovely slim yet well fleshed legs. Spray painted jeans would do her well and would turn any bloke to jelly. Above the waist her lovely breasts are petite and somewhat less than many blokes would reckon a handful. (BUT Remember what Uncle's mum said: What you can't get in your mouth is a waste".) Later in our engagement I realised the truth of that! Sash is a great kisser/ cuddles girl. She has a lovely smile and her face tells you exactly what she feels and is thinking. Moreover she's a well-travelled woman with a lot of interest in what she's done for those that care to listen.

The Story:

On arrival Sash kindly made me a lovely mug of tea and, as it was my first visit, we had quite a long chat interspersed with kisses and cuddles. She was wearing a bodystocking the architecture of which I only understood when, once immersed in the very warm bath she had prepared, she stood over me on the rim of the bath, unpopped the crutch studs of the bodystocking and gave me a full-on pissing in my mouth and over the rest of me. Quite divine! Then she soaped me down and helped dry me. This was a rich experience. I felt I was being treated like a God.

Treating a client like a God is rather what Sash appears to do. Her first take on Uncle was that he was a guy that wanted a (GFE whatever that is!) Once I had re-assured her that I was up for most methods of fun the barriers came down. Accordingly not an eye was blinked when I asked to use the bathroom for an anal douche. (Not all the events herein are in order BTW)

I also reassured her that I was as much up to bringing her off as that I wanted to do so myself to that level. So began a truly give and take hour of you frig me and I'll frig you. The me frigging her bit was hugely rewarding as Sash dribbled and squirted all over me. I had a superb session of fucking her in lying down doggy, her pussy tight on my cock. The her frigging me was crowned by a buzzing dildo thrust into my arse with her lovely mouth sucking and wanking my cock and then her leaking pussy rubbing over my mouth so my tongue could reach into her pussy which tasted delicious. By careful coordination of my fingers up her pussy, my spare hand all over her body, my mouth nibbling her tits and telling her how much I wanted her to cum for me she did eventually

explode with a body-shaking orgasm lasting half a minute. Now that's so rewarding! You'll get a good flavour of what to expect I think. She really is a lovely dirty woman! At £250 for two hours that is the very max I would ever go to. But for the welcome I received and the attention to detail and effort Sash made to give me a truly an excellent time I reckon this was a fairly priced fuck even for Derbyshire.

I really enjoyed meeting Sash. I had first heard of her when she was in Leighton Buzzard when, unfortunately, I was unable to visit her then. My wait was well worth while I believe.
