East to find near to the tube, intercom into the block so no one knows who you are visiting, very discreet. Small but tidy apartment, bedroom more than big enough

The Lady:

As per the website a stunning blonde lady with a well kept figure

The Story:

Katie asked if I wanted a glass of wine which I accepted then after a few minutes of chit chat Katie removed her outer garments to reveal just her lingerie and then whilst I am still sitting on the edge of the bed she started to slowly undress me, teasing me with kisses and soft stoking all the time.

Within a few minutes I was naked and she asked if I would like a massage to start which I did. I lay on my front and she climbed on top of me and gave me a real sensual massage. Then she asked me to turn over and I was greeted with her being totally naked in front of me.

At this point I could not wait any longer so we started kissing passionately with tongues which led into the most perfect bare back blow job, DATY and finished with covered sex in doggy position. Round two was more of the same and if I had more time I would have extended the appointment to get another round in, I really did not want to leave.

Katie is a lady that loves her job and I will definitely see her again, but next time I am going to try another girl from the same agency called Melody as I read a review on her and she sounds like a real bundle of fun at a reasonable price
