### The Lady:

Pixie is still the same cheeky, feisty, naughty cropped blonde that she always was. She's changed a little but not much and her most important features, her gorgeous sexy mouth and beautiful eyes, are the same as they always were.

### The Story:

I have to admit that I was a little sceptical about seeing Pixie again after so long, would she have the same enthusiasm for her job? Would a less fun time spoil the memory of all the great previous encounters? Well I didn't need to worry one bit, she's the same fun-loving raunchy sex pot that I remember.

I always did get on well with Pixie and seeing again was like meeting an old friend, indeed, I was admonished for not seeing her in her latter working months before she quit (I was out of the game then).

Despite it being the end of a long day Pixie was still up for some energetic fun, her hands free owo was superbly deep and I could have left her at it all night, it made me hard as a rock.

The sex was superb, Pixie rode me like there was no tomorrow and really got into it, fucking me as hard as she could for some time before moving onto lots of deep doggy where I fucked her as hard and long as I could before I just had to come. She doesn't hold back and encourages you to fuck her as deep as possible, no holding back, fantastic. We were at it until the last minute was up then had a little chat about old times and old friends that have come and gone.

It's great to have Pixie back, see her before she's gone again.

I think I read that she does a threesome with Elise, that would be one fun session, I must set it up soon and get some sleep in first
