The Premises:

I rang the bell and as if by magic the Polish maid appeared. My first time in the back room and it was a lot cooler than the other rooms I have been in and I have no complaints about the radiators.

The Lady:

Nadia looked amazing in her bra-less red outfit. Those pups of her stay up all by themselves and are one hundred per cent natural. She is a young thing who is probably all of the 21 years that she claims to be and looks not unlike a grown up Hermione Granger with her porcelain features.

The Story:

There was something about Nadia's photos that made me want to devour her pussy and then take her from behind. I was permitted to do one of these but not the other. Her pussy was delicious and I did enjoy fondling her and sucking her nipples however Nadia wouldn't allow me to touch her tits with my cock never mind put my it between those lovely baps . Taking her from behind was also off the menu cos it is painful for her, so she said. When she rode me she would only take a couple of inches cos she says she is slim, so we tried with me on top and I wasn't allowed to dip more than my helmet into her, and it's not as I have a big lad either. What a waste, a working girl that doesn't work! She put no minge into the encounter whatsoever. Also she kissed with her lips pursed tightly which was off putting. So it's a no from me which is a pity cos she is drop dead gorgeous, and her pussy tasted great.
