The Premises:

Incall a fairly upmarket area of Bristol. The flat was tidy and spacious. She has a couple of cats, one of which is very friendly indeed and the other just seems to sleep all the time. I like cats so not a problem for me.

The Lady:

Facially attractive in a pretty cheerleader rather than supermodel way (arguably a positive, certainly is for me). She is very fit indeed - flat tummy, lovely natural breasts. She told me she spends alot of time in the gym and it shows. I know its a cliché but she really does look better in real life than her pics - I am not sure why maybe because she has a very nice smile. I really really liked the simple unadorned healthy girl next door look.

The Story:

I had made the booking several weeks in advance. Initial communications were via the AW pm system. She texted me the post code the day before. On the day I hit the gym for a bit and had a long shower so I arrived clean and did not need to shower at her place (which was offered). I had planned this so we could both start off fully clothed.

I arrived at the post code a few minutes early, texted and after a couple of minutes got the flat number and she buzzed me up.

I had made it clear that I wanted a fairly vanilla/GFE experience at a very relaxed pace as I can only come once (even in longer bookings). So after introducing her cats she got me a drink and we sat down in a reception area. We spent about 10 minutes chatting (she is a very open person and easy to talk to) before moving to the bedroom where the kissing, cuddling and defrocking happened.

After playing with her breasts a bit I went down on her. After she had come she gave me some great owo and then it was on with the protection and sex in missionary and doggy (which I think she particularly likes). There was quite a lot of chat in between rounds (about all sorts of stuff) and overall the meeting had a very natural languid feel. No part of it felt at all rushed and she is definitely not a clock watcher.

She asked me to text her when I got back to base which I thought was a nice touch.

I will definitely rebook as she does bring her personality into the booking so it feels like a meeting of minds as well as bodies. I think she is a bit sub so next time will make a longer booking so we can play some games.
