The Premises:

Easy to find, plenty of cheap parking. Felt discrete enough walking off the path and to the doorway. Place seemed basic but clean enough.

The Lady:

Lucy isn't as glossy as her photos, maybe a bit older looking, but when she walked in I wasn't disappointed. I wanted a hot little blonde with huge boobs to play with and that's what I got.

The Story:

This review is well over due but here it is anyway.

Lucy came in and walked over to me, I felt things might of started right away so I quickly explained I was only here to experience a hot lady and not really for the GFE. We undressed and I sat on the end of the bed while she stood in front of me. I ran my hands over her body feeling up her legs and nice arse before putting my hand in her pants to feel her pussy. I felt this isn't how her normal bookings normally goes but I was there to enjoy her body. I then asked for her to go down on me OW and she got on her nees and started sucking away, nice and deep. She didn't seem to mind me holding her hair and having my hand on the head as she sucked away. I couldn't wait any longer and got on top of her on the bed, she felt good. I complimented her on feeling so good against me and she seemed happy about that, then she went on top before I came inside her from behind. I feel Lucy would of got right into it if I had too. She showd some passion, if you went for the full GFE with her I think I would be very hot. I struggled for round two but she was happy for me to wank with help and cum on her lovely big boobs. I think they are fake but feel very real. To top it off she seemed to be a lovely girl too.
