The Premises:

HOD in Euston has been pretty extensively covered by others. Basic but quite acceptable bathroom/shower, really nice spacious bedrooms (better than most hotel rooms). They take care to ensure punters don't see each other by checking the coast is clear as you move between rooms. There was a big mirror in the room which gave me an alternative perspective when things got interesting. The lady who takes the bookings is friendly and helpful so the whole booking process is very low stress (especially as it was my first duo).

The Lady:

There were two of them:

River: early twenties I think, very pretty in an elfin way, several tattoos. The contrast between a unblemished "English Rose" complexion and the fetish body art is intriguing. Imagine a posh public school or convent girl who rebelled and chose a very different path (no idea if that's the case, just the way she came across to me).

Luna: late twenties at a guess, very fit, tattoos, amazing blue eyes, lovely breasts both nipples pierced, very funny, kinky as hell and totally relaxed while being at home in her general kinkiness. She has short hair but likes to wear wigs which is fine by me. Loads of videos of her on the internet. Believes girls with tats are more fun - suspect she is right.

There were many similarities between them, not just in looks. Both are very trim and obviously work out. Both are very kinky. Both are bisexual. Both are very smart (this being actually my number one fetish) with witty comebacks. They seem to work at HOD one or two days a week and indy (via AW) at other times.

The Story:

I've seen River before and knew she was truly bisexual, not just 'gay for pay'. I wanted a duo with someone with a similar mindset - i.e. totally up for FFM who would have no inhibitions about working full on with another girl. When we discussed a threesome she suggested Luna which turned out to be a good choice.

As it was my first duo I booked half an hour with River before a one hour duo. River and I started off with some mild sub games, tying and feeble spanking (my attempts to be a Dom are truly pathetic as I always end up chatting about random stuff instead) and were down to business in cowgirl

(covered, obviously, as was all the sex) when Luna walked in. We stayed in position, River riding me gently, during the introductory chat which was kind of funny. River undocked and we had some chat and 3 way kissing to decide what to do next (because frankly I had no f***ing idea). In the end we tossed coins to decide who was going to what to whom when. This resulted in River going down on Luna with me kissing Lunas upper half (with the odd foray onto Rivers back and neck and exposed bum). While kissing Luna I was whispering some of my earliest sexual fantasies (from Steppenwolf) in her ear. She didn't seem to mind and I did have the sensitivity to back off when she was coming. Nest toss of the coin and Luna was going down on River with me kissing River, then both girls going down on me for a double blowjob. Then they took turns riding me in cowgirl while the other sat on my face and kissed/fondled each other.. Finally I came over Rivers back while they were 69ing each other.

The highlight was definitely seeing the techniques they used while giving oral to each other to bring each other to climax while I surreptitiously took (mental) notes.

Great girls, both highly recommended. Would see either alone or (definitely) together again. Already planning my next visit. Like the place and seems to have good reviews generally so would consider another girl if neither was available (but would probably prefer one of these two).
