The Premises:

Standard flat. Usual minimal lighting. Clean enough. Toilet clean. I went by train so not sure re parking. Likely restricted. Less than 10 minutes walk from Lewisham Station.

The Lady:

Long black hair. Nice legs. Small boobs. 5' 3" maybe? Pleasant face. Chinese. Minimal English.

The Story:

Web site said £130 but Fifi said £100. I stripped off whilst Fifi followed suit. She indicated I should lie down for a massage. I lay on my front and she did a vague light rubbing. I assume that she would have done more had I really wanted a massage. She offered OW. I agreed. On with the condom. OK, I guess although a little 'toothy' and light contact. After a few minutes I stopped her and asked her to stand up, knelt down and kissed her face and shoulders then sucked her nipples. Didn't seem as if she was up for FK. No problem. I then guided her to lie on the bed and kissed her very nice, silky legs and sucked her toes before going down on her. Pussy clean and pleasant. Tried rimming her which seemed to be received well. Alternated between the two. Occasional gasps but not sure if she came or not. After 10 minutes or so I stopped and she suggested sex. Put some lube on - the condom was still in situ - and I fucked her on the edge of the bed. Then doggie. She didn't seem to want fingers so I stopped trying. After a while I suggested more oral. She looked unimpressed for some reason so I suggested a hand job. I lay down and she placed loo paper around the area and applied baby oil and gave a very pleasant conclusion although, as often the case, women don't always seem to appreciate that guys' orgasms aren't self-perpetuating and stopped too soon. Anyway I had enjoyed myself. I like Oriental girls so much that they would need to make a supreme effort not to be good!
