### The Premises:

Laura has a very nice clean flat in Norton Green, a suburb on the northern outskirts of Stoke on Trent. One parks outside, she tells you the house number, and then lets you in. The bedroom is clean and simple, with no erotic extras. A cup of tea that I asked for was refused, nor were shower facilities offered.

### The Lady:

She had advertised in the Sentinel, the local paper. Seeing her was a pleasant surprise, and I was really looking forward to this encounter. Claiming to be mid-forties, she was somewhat older, but no matter; she looked lovely, she was in very good shape and could easily pass for a forty-something.

She was wearing a simple flattering shift dress, with skimpy panties and high heels that she agreed to keep on. A pretty brunette with pale skin, she had almost a young girl's figure, with nice legs, medium-sized breasts and a shaved pussy. She revealed that although she had only recently started working, she had briefly been a parlour girl in her teens.

### The Story:

All should have been brilliant, but although she kissed quite nicely, for me she just wasn't sexy or arousing, and it seemed her heart wasn't in it. There was a lot of "nos", and "don'ts", and I began to wonder if she was in the right profession. She called time rather early, and afterwards did not chat so much as hover and wait to usher me out.

Others who, like me, find Laura attractive may also be lucky enough to get sexually turned on,. However, I was disappointed and I doubt that I will renew my acquaintance with her.
