The Premises:

Nice apartment in a well known hotel in Chelsea. Better than the usual space found in this establishment; this apartment had natural light at the entrance and a beautifully clean bathroom that was well stocked with towels and a shower that works easily with no hassle.

The Lady:

Indigo is cute; she is about 5'5" and is definitely young. Indigo says she is 19 and I think she's telling the truth.

Velma from Scooby Doo is pretty much the perfect description for Indigo (someone else also used this description, but it is bang on).

Under her glasses are some lovely dark brown eyes and down past her button nose are some luscious lips.

As for her body, she has curves in all the right places; cracking boobs and a nice round bottom. The pictures on her website are pretty accurate on this account, although her skin is fairly pale in real life (as some of her selfies show).

Finally I should add that Indigo has lilty Scottish accent .

The Story:

Indigo's services are 'protected' only which was fine by me as I think "its better to be safe than sorry" but I know it may be an issue for others.

Indigo came across quite timid, especially at the beginning and she is very much a sexpert in training. Porn star she is not. Although, having said that, her OW was probably one of the best I've had and if you like to take the lead I'm sure she would come into her own.

The strange thing is; the slight imperfection of the service is what made it feel 'real'. By not being perfect, it ended up being the perfect GFE. Go figure!

I also found myself interrupting the proceedings a lot to talk to Indigo because I found her and all that she had to say fascinating. It was definitely a unique experience I had with Indigo.
