The Lady:

Jan is a really attractive lady in her early 50s. She has a body that many women 20 or 30 years younger would be proud of.
Particular highlights are her soft smooth skin, small breasts with nipples like bullets and a very sweet tasting shaven pussy.

The Story:

This was my first ever visit to an escort and I had long ago decided that Jan would take my punting virginity.

I'd called in the morning to enquire about availability over the following few days and Jan said that she could only do that same day at 2pm as she was going away for a short while.

Without hesitation I took the appointment, knowing that if I'd put it off I might not get the opportunity to see Jan again for a while or my bottle might go.

After a very welcoming kiss Jan quickly led me upstairs to the bedroom. After a quick chat about what I'd like us to do together we were soon kissing and cuddling as though we'd known each other for a long time.

I won't go into detail about my visit but will say that Jan gave me the best BJ I've ever had.

Jan is a real diamond and I hope it won't be too long before we're enjoying ourselves again.
