The Lady:

You could easily say that Kitty is a typical girl-next-door type, but the first words I said to Kitty were "Wow", followed by "You're f*cking gorgeous". Age about 20. White English. Very pretty face. Lovely eyes (blue/grey???), brunette shoulder length hair, lovely body, nice skin, nicely rounded boobs, perfect shape with lovely nips. Nice tight pussy.

The Story:

Kitty was wearing a short black leather style skirt and white blouse. She said she'd read my tweets, that had been complimentary about her pix - particularly the school girl pose. We had a lovely kiss and cuddle to start. I'd asked for tie and tease, which was new for me. It was new for her too, but she bound my wrists and set to work demonstrating lovely oral skills. She then removed her top and bra to reveal her lovely boobs. She lowered herself so that I could play with them with my mouth and tongue. I asked to be freed as I wanted to hold her and she obliged. She kept her skirt on but removed her panties and started to tease my cock. More kissing followed as I rubbed her pussy through the thin inner layer of her skirt. She responded well and when I suggested that I could lick her pussy, she said that would be nice. She was already quite moist and was soon pushing hard against my tongue. She said she'd like to be fingered as well, and she then had a very decent orgasm indeed. She complimented me on my skills and we swapped positions. She eased her pussy onto my cock, and she was nice and tight. She got into a great rhythm in time with the background music and brought me close to the edge. I asked if I could go on top to finish off, which I did.

It was a wonderful session and I enjoyed every minute with Kitty and was grinning like a Cheshire cat throughout. She's a lovely girl and I will definitely see her again
