### The Premises:

lovely flat in upmarket area. nice room and great bed.

### The Lady:

beautiful brazillian lady with nice arse and pretty face.

### The Story:

shown to bedroom and after handing over the cash she snorted some coke up her nose. good start! went to shower and came back and she was stripped and lay on bed waiting. started getting into it then got knock at the door to move rooms as the agent was inspecting. so went to another room and carried on there. went down on her and fingered her. she was coming and i said lets have sex but she had no condoms in the room so just wanked me off. disappointing end.

eventually moved back to the other room and she took 2 more sniffs and was constantly sniffing up and snorting. total turn off. didnt get round 2 as not up for it with her in that state. she didnt really make an effort to get me hard either.

all in all a disappointing experience with a few time wasting tricks thrown in. save your time and money guys (or dolls).
