The Premises:

Very nice flat close to the tube. Nice bedroom, all clean and tidy.

The Lady:

Valeria is simply gorgeous, and she is the nicest person. Made me feel welcome from the beginning up until the last minute. Natural blonde, gorgeous tits and amazing bum.

The Story:

This was my first experience with an escort. Valeria was nice and polite, very nice lady indeed. She asked me to take a shower and she offered a drink, then after the shower we had a nice long conversation (maybe a bit too long... but my fault for not asking to go to business, I didn't want to be rude). When we started getting intimate, she did the nicest oral, but she didn't seem comfortable with me touching her (that was a bit of a turn off... don't know if one is not supposed to touch the ladies). Then I had her touching herself in front of me and.... I could not perform. Unfortunately I think I suffer from erectile dysfunction, or maybe I was nervous because it was my first time with an escort? Don't know, but I lost the erection between the oral and the actual sex. She was very, very supportive and understanding. If I came home dissatisfied is because I lost the opportunity to be with a gorgeous, sexy woman because my willy was dead. I made a promise to visit her again, but then I'll try less talk, more action to see if I can make it.
