The Premises:

Lovely basement flat in between Pimlico and Victoria tube station. I was expecting the flat in Warren Street but apparently HoD 2 have moved. Anyway, it takes roughly 10 to 15 minutes walk from Victoria tube station, so just bear that in mind when you time your bookings. I took the tube so I am not sure about parking. The flat itself was was easy enough to find, in a posh neighbourhood. Not many shops nearby for you to grab a coffee whilst you wait - though I believe I have heard about 'waiting areas' in HoD establishments for this purpose. The maid who answered the door was polite and friendly, but note that there is no doorbell to this particular flat, so I had to knock a few times before the maid answered.

Like any other agency booking, the appointment was made with a simple 30 second phone call, and I had a text back within 2 minutes, sometimes I wish independents can be as efficient as this.. I called way early the same morning to secure this booking with Imogen to avoid any kind of disappointment, particularly because I recently have had a bad run.

Moving on, the interior of the flat was modern and reasonable upmarket which I would expect from a £130 per hour establishment, though I would have preferred slightly better upkeep, never mind, I'm not here to rent a flat! Shower facilities were good, including the use of a small bottle of mouthwash and clean towels.

The Lady:

Oh Imogen! You are impossibly beautiful!

Imogen is a lady in her early twenties, she is slender and tall (she was taller than myself but I couldn't care less). Very well proportioned, toned, and flawless porcelain skin. Her presentation was effortlessly impeccable and I absolutely love her minimalistic style which accentuates her youth and innocence, She has the most adorable innocent radiant smile. She smells and tastes and fresh as a summer fruit. She has the sexiest demeanour to her, and a beautiful personality to match. After our session we had a lovely chat and I found that she is really quite down to earth with a great sense of humour and I wonder if she even realises how beautiful she is! (She probably does).

You know how they say the pictures does not do her justice? Well, on this occasion I am particularly annoyed at how the agency had portrayed her. How did they fuck up the photoshopping this bad - they have put at least 10 years on her! At first I was a little apprehensive with making the booking because her average pictures, I had only the description of previous reviews to go by. If only I knew what she really looked like I would have booked for the whole afternoon!

At £200 this was an amazing deal, as I have in the past paid twice the amount for half the lady Imogen is.

The Story:

I always demand a good GFE, everyone has their kink and this is my thing, Imogen sure delivers this, made to order.

I won't go into all the details, but I can assure you the sex is way up there. She kisses very passionately which to me is the soul of the whole experience. Right now I am still imagining tracing my fingers around her perfect curves. I will be back very soon.
