The Story:

I've been trying to catch up with Imogen for quite a while but every time I rang to book, I learnt that she'd already had commitments for at least a couple of hours ahead. This time I was lucky.

Our time together was like a gfe with a shy inexperienced girlfriend with lots of frottage, fk, owo, fingering and ro - she doesn't do cim. While in missionary position (coverd), I felt an overwhelming urge to finish inside her, something I rarely do with other providers. She felt naturally tight and this was easily achieved inside a couple of minutes.

I really enjoyed her company and found it hard to believe that at the time of my visit, she only had 4 reviews to her name. I can only assume that her regulars were wanting to keep her for themselves. We parted with me thinking that I must see her again soon.
