The Premises:

The entrance is at the rear of the building and you go through the door into a small room before they let you in through the next door which is locked.

I went straight in to the room so I didn't see the waiting area, the room is quite big with a double bed, and there are a couple of mirrors on the wall but not near the bed so you couldn't see yourself from the bed.

The Lady:

Cindy is blonde and about 5'4 with a curvy body and tanned skin.

The Story:

The receptionist took me up to the room and I got undressed, Cindy came in a couple of minutes later and took all her clothes and underwear off, I lay on the bed while she rubbed my cock and asked me what kind of things I was into, she then put a condom on and started to suck me while I played with her tits and arse.

after a while I asked if I could taste her and she lay on her back we kissed she was very enthusiastic with lots of tongue then I sucked her tits then licked her pussy for about 5 minutes, more kissing after that then she got on top and rode me, she didn't use any lube because she was already quite wet, she leaned forward and kissed me all the time she was riding then we swapped places and I got on top of her, she held her leg up and very wide apart while we fucked until I cum.

Afterwards we both got dressed and she gave me another kiss before showing me out.
